

Closet Control is finally in bookstores everywhere! Now wardrobe and closets around the world are finally liberated. VIVA LA REVOLUTION.

With the November 2007 release of Closet Control, personal stylist and wardrobe consultant Barbra Horowitz assists readers on organizing, maintaining and reinventing both clothing and closet with a fresh and eco-friendly approach.

- Techniques on maximizing space
- Understanding how to properly store outfits
- Tips and instructions on how to reconstruct garments, Closet Control
- Receive organization and styling tips

Also elaborated in the book is Horowitz' signature "eco" approach to wardrobe. Both ecological and economical, the "eco-selfish" process empowers readers to understand when to say goodbye to garments and when to reinvent them into new pieces simply and affordably.

Published through Sterling Press, Closet Control is available at Barnes & Noble Booksellers throughout the country.
